SCHOOL
REPORT
CARD**

GRADES : K 1 2 3 4 5

State and federal laws require public school districts to release report cards to the public each year.

STUDENTS

RACIAL/ETHNIC BACKGROUND AND OTHER INFORMATION

	White	Black	Hispanic	Asian/ Pacific Islander	Native American	Multi racial /Ethnic	Low- Income Rate	Limited- English- Proficient Rate	High Sch. Dropout Rate	Chronic Truancy Rate	Mobility Rate	Attendance Rate	Total Enrollment
School	64.2	17.9	4.7	0.3	0.0	12.9	77.4	0.0		4.5	32.1	94.2	318
District	71.3	14.2	5.1	0.7	0.2	8.6	53.5	0.4		3.7	24.6	93.2	4,720
State	55.6	20.0	18.7	3.8	0.2	1.8	40.0	6.6		2.2	16.0	94.0	2,075,277

Low-income students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

Limited-English-proficient students are those students eligible for transitional bilingual programs.

Mobility rate is based on the number of times students enroll in or leave a school during the school year.

Chronic truants are students who are absent from school without valid cause for 18 or more of the last 180 school days.

Some teacher/administrator data are not collected at the school level.

SCHOOL DISTRICT FINANCES

TEACHER/ADMINISTRATOR SALARIES (Full-Time Equivalents)

Salaries and counts of staff are summed across a district based on the percentage of time that each individual is employed as a teacher or an administrator and may or may not reflect the actual paid salaries for the district.

EXPENDITURE BY FUNCTION 2004-05 (Percentages)

REVENUE BY SOURCE 2004-05				EXPENDITURE BY FUND 2004-05

OTHER FINANCIAL INDICATORS				
	2003 Equalized Assessed Valuation per Pupil	2003 Total School Tax Rate per \$100	2004-05 Instructional Expenditure per Pupil	2004-05 Operating Expenditure per Pupil
District	\$82,582	3.95	\$4,248	\$6,542
State	**	**	\$5,366	\$9,099

** Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.
Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.
Total school tax rate is a district's total tax rate as it appears on local property tax bills.
Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.
Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

ACADEMIC PERFORMANCE

OVERALL STUDENT PERFORMANCE

These charts present the overall percentages of state test scores categorized as meeting or exceeding the Illinois Learning Standards for your school, district, and the state. They represent your school's performance in reading, mathematics and science.

Caution: Data for 2004-05 should not be compared to data for 2005-06 because substantial changes were made to the state test in 2005-06 when testing in reading and mathematics was expanded to include all grades from grade 3 through grade 8. In 2004-05, such testing was limited only to selected grades. Although there were no changes in high school testing, data in high school report cards at the state level (and also at the district level for unit districts) are not comparable between the two years because of changes in elementary school testing mentioned above.

OVERALL ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT) PERFORMANCE

ISAT PERFORMANCE

These charts provide information on attainment of the Illinois Learning Standards. They show the percents of student scores meeting or exceeding Standards for the grades and subjects tested on ISAT. Data for 2004-05 in reading and mathematics for grades 4, 6, and 7 are not available because testing in these subjects for these grades began in 2005-06.

ISAT Grade 3

ISAT Grade 4

ISAT

Grade 5

PERFORMANCE ON STATE ASSESSMENTS

Federal law requires that student achievement results for reading, mathematics and science for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3 through 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Measure of Annual Growth in English (IMAGE) is administered to limited-English-proficient students. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP (No Child Left Behind Act). An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act.

Schools with grade 2 as the highest grade in the school use a state-adopted test in reading and mathematics to meet this requirement.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

PERCENTAGE OF STUDENTS NOT TESTED IN STATE TESTING PROGRAMS

ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

- Level 1 -- Academic Warning - Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.
- Level 2 -- Below Standards - Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.
- Level 3 -- Meets Standards - Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.
- Level 4 -- Exceeds Standards - Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

The four conditions for making Adequate Yearly Progress (AYP) are:

1. At least 95% tested in reading and mathematics for every student group. If the current year participation rate is less than 95%, this condition may be met if the average of the current and preceding year rates is at least 95%, or if the average of the current and two preceding years is at least 95%. Only actual participation rates are printed. If the participation rate printed is less than 95% and yet this school makes AYP, it means that the 95% condition was met by averaging.
2. At least 47.5% meeting/exceeding standards in reading and mathematics for every group. For any group with less than 47.5% meeting/exceeding standards, a 95% confidence interval was applied. Subgroups may meet this condition through Safe Harbor provisions. ***
3. For schools not making AYP solely because the IEP group fails to have 47.5% meeting/exceeding standards, 14% may be added to this variable in accordance with the federal 2% flexibility provision.
4. At least 89% attendance rate for non-high schools and at least 69% graduation rate for high schools.

* Includes only students enrolled as of 5/01/2005.

** Safe Harbor Targets of 47.5% or above are not printed.

*** Subgroups with fewer than 45 students are not reported. Safe Harbor only applies to subgroups of 45 or more. In order for Safe Harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. For subgroups that do not meet their Safe Harbor Targets, a 75% confidence interval is applied. Safe Harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

PLANNED IMPROVEMENT FOR THE SCHOOL AND DISTRICT

This is the final section of the school report card in which your school and district provide information below on areas of success and areas for planned improvement based on your school's improvement plan.

(For report cards disseminated electronically, this information may be provided in a separate document due to differences in the software used. If you are unable to locate this document, please contact your local school or district office.)

Nielson is a small neighborhood school, with a rich history and culture, serving Galesburg since 1969. Our students come from a variety of backgrounds and are proud to be Nielson students. Nielson enjoys a strong sense of community revolving around a cohesive blending of parents, staff, community volunteers, and friends of the school. These feelings of community unite us in our efforts to make Nielson a strong place of learning.

Over the past several years, our school has become acutely aware of the accountability requirements of No Child Left Behind and the repercussions associated with not meeting expectations. To remain diligent in our approach to reading, writing, and math, our building improvement team made some decisions to ensure progress throughout the coming school years. In doing so, we have developed and implemented a number of instructional practices and programs to help the children of Nielson better meet Illinois Learning Standards and succeed academically.

This year Nielson's staff will continue with our involvement a school-wide adaptation of the Standards Aligned Classroom initiative. At this level, team members will mesh the philosophies and practices of the Standards Aligned Classroom Project with that of differentiation. These two philosophies, considered to be two of education's best practices, revolve around the work of Dr. Richard Stiggins (Assessment Training Institute) and Dr. Carol Ann Tomlinson (University of Virginia). Our focus is blending these two pedagogies with the emphasis on the process of incorporating the Illinois Learning Standards into a differentiated classroom design.

To help maintain and improve technology in our building, we have invested in an on site consultant to help us learn more useful classroom technology interventions and be comfortable with the existing technology in the building. This consultant is working closely with our staff to become proficient at using available hardware, software and the internet to improve educational delivery in the classroom. This person guides us as we look inwardly at our approach and offers direction in an effort to continually improve. Through consultation, discussion, and suggestion we can expect a better approach to the use of technology in the classroom.

Our teachers engage in a Balanced Literacy approach to reading instruction. We have embraced Patricia Cunningham's model of reading instruction through "Four Blocks". The student's reading is divided among four separate "blocks" of instruction including Guided Reading, Self-selected Reading, Writing, and Working with Words. Specific speakers, authors and consultants are used to reinforce that approach.

We have in place and have expanded our after school tutoring program intended to improve reading performance through extended student contact time and intensive instruction. This program targets students that have scored below expected standards and are referred by classroom teachers as displaying significant reading difficulties. We have doubled the number of days we hold this program and offer transportation home to better serve the children of Nielson School.

Nielson School encourages reading in many ways not included here. Family reading nights, incentive programs, and Reading Buddies are programs imbedded in our culture and we embrace reading, achievement, and success in all we do and believe.
